Chairman and Chief Interventional
Cardiologist - Eternal Hospital, Jaipur

Director, Interventional Cardiology,
Mount Sinai Health System,
President, Mount Sinai Heart Network,
New York, NY, USA

Greetings to all for 2021...

What a Year! 2020 has been one of the most volatile and challenging year. The coronavirus pandemic and resultant economic distress have tested all of us in many different ways.

First and foremost, I would like to thank you all for tirelessly working towards making Covid-19 crisis a learning experience, adapting to unique circumstances and working as a team putting care and treatment of our patients at the core of everything we did.

I am especially thankful to our frontline employees for their continuous commitment and discipline.

COVID-19 has brought challenges to us, just as it has to every business, family and organization. I sincerely hope you and your loved ones are in good health. And for those who have suffered loss or worry, please know that we are all together during these difficult times.

While we can all agree we're looking forward to a much better New Year 2021, The Year 2020 hasn't been devoid of success and achievements. Listing down the salient clinical ones:-

1. Clinical Excellence

Even the widespread highly infectious Covid 19 could not stop our march towards better clinical care.

Among the Pioneers in India:

- A. Bentall with E-vita prosthesis
- B. HOT -CRT-D (HIS OPTIMIZED)
- C. 2 MitraClip procedures

Significant Clinical Developments:

A. Cardiology -

1) Structural Heart Disease:

- MITRACLIP first in India post DGCA approval.
- Trans catheter double valve First in Rajasthan
- Left atrial appendage closure with AMULET: new treatment for Stroke prevention, first case in North India.
- First case in country TMVE in MAC (Mitral valve replacement in MITRAL Annular calcification)

2) Electrophysiology:

- i. Physiological Pacing (HIS and Left Bundle branch pacing) 1st in State
- ii. HOT CTR 1st in Country
- iii. Lead Extraction Program (1st in state) (Mechanical/ laser)
- iv. Bluetooth enable pacemaker & Heart failure Devices 1st in State.

3) Shockwave Angioplasty

- i. Shockwave Angioplasty for calcified blockade: most cases in Rajasthan
- ii. Shockwave Angioplasty for calcified blockage for left main: most cases in India.

4) Highest number of cases for ROTA ablator angioplasty in year 2020 (149)

B. GI Surgery - Posterior approach to abdomen by excising Coccyx

C. Nephrology- Cytokine Adsorption through CRRT for Covid-19 patient to washout IL6 & other cytokines from blood.

D. Neuro intervention –

- i. Acute Rupture of Dissecting Aneurysm of Vertebral Artery treated with Flow Diverter.
- ii. Dural AV fistula causing behavioural problem treated by Onyx embolization.

E. Obs/Gynae & Gastro Surgery - Joint treatment of PIH induced IUD with spontaneous Liver Rupture with Hypovolemic Shock.

F. Critical Care/ Internal Medicine - Saved 6 months pregnant lady with severe ARDS & Septic shock, using Prone ventilation.

2. Academics, Education and Research

A. Dr Rajeev Gupta (ranked 1st in India and 108 globally in General and Internal Medicine) is listed among the top 2% scientist in the world for research. A survey done by Stanford University in PLoS one.

B. DNB- Addition of 2 DNB Medicine and 2 DNB Anaesthesia seats for the session Jan'2020.

3. Overseas Support

A dedicated team of doctors, nursing staffs and management professionals from Eternal Hospital went to Nigeria to launch and commission Covid-19 facility, treatment and infection control protocols, trainings and healthcare expertise in June'2020 and still continue to do so.

4. Major Conferences and Seminars

A. 4th Eternal Heart Conclave in its virtual edition was conducted successfully with the presence of 800+ cardiologists and physicians across the globe

B. A week long virtual conference Eternal MedEX 2020 in association with IMA Rajasthan. In this virtual conference Eternal connected with 1100+ Doctors

C. Covid 19 has forced us to connect with society through Webinars rather than physical seminars and interaction. We have organized 400 plus live webinars.

To re-emphasize, our priority is the protection of our employees. We are determined to continue to avoid any threat to the health of our employees and their families.

I hope you share my optimism that 2021 will be much better for all bringing good health, togetherness, good fortune and success. Our best wishes to you and your family from entire leadership of Eternal Hospital for a happy, healthy, productive and prosperous New Year 2021!
